

SPIEL 2025 – Promo Card

It's difficult to even hear yourself think here, but luckily you have your own megaphone with you ... unfortunately only the one.

This Promo card (Megaphone) can be added as an additional challenge for each Planet (01 to 15).

Special rules for this card:

- During setup, place the Megaphone card in the middle of the table next to the Spaceship.

Megaphone: No one may speak unless they're holding the Megaphone. The Megaphone may be taken or put back in the middle at any time. When holding the Megaphone, you may only hold 1 Component (because your other hand is holding the Megaphone).
